

# FP001 - Sigfox Sensor Holder for F8800 Professional Multi-Plate Radiation Shield

code: FP001

It is necessary to order this holder for wireless Sigfox sensors W0810, W0832, W3810, W7810 to be installed in F8800 solar radiation shield.

WIRELESS Compatible Comet transmitters	
Measured Value / Output	Sigfox IoT
Temperature	<a href="#">W0810</a>
	<a href="#">W0832</a>
Temperature + Relative Humidity	<a href="#">W3810</a>
Temperature + Relative Humidity + Atmospheric Pressure	<a href="#">W7810</a>

## Technical data

GENERAL TECHNICAL DATA	
Temperature operating range	-30 to +80 °C
Relative humidity operating range	0 to 100 %RH
Storage temperature range	-30 to +80 °C
Storage relative humidity range	0 to 100 %RH (no condensation)
Dimension	100 mm (width), 150 mm (height)
Warranty	3 years
