

## Temperature sensor with 4-20mA output

code: P0120

Remote temperature transmitter. Outdoor, indoor use.  
Built-in temperature sensor.

### Technical data

|                        |                             |
|------------------------|-----------------------------|
| TEMPERATURE SENSOR     |                             |
| Measuring range        | -30 to +80 °C               |
| Accuracy               | ±0.4 °C                     |
| Resolution             | 0.1 °C                      |
| GENERAL TECHNICAL DATA |                             |
| Operating temperature  | -30 to +80 °C               |
| Channels               | internal temperature sensor |
| Output                 | 4-20 mA                     |
| Power                  | 9-30 Vdc, typically 24 V    |
| Protection class       | IP65                        |
| Dimensions             | 88,5 x 148 x 39,5 mm        |
| Weight                 | approx. 120 g               |
| Warranty               | 3 years                     |
